- » Anchor pack

# 7.7M FULL WIDTH CONSOLE

The Sealegs 7.7m Full Width Console RIB is unique in the Sealegs family. The console stretches all the way across the deck, wrapping around the tubes, giving you and your passengers maximum protection from the elements while still allowing easy access to all parts of the craft.

The inboard engine on the 7.7m Full Width Console RIB is situated in a pod on the transom of the craft, giving you the most possible use out of the deck space, and endless possibilities for how you want to use your Sealegs. The 7.7m is great for families, fishers, divers and more.
